

### REMARKS

The seventeen claims of the present application have been made subject to a restriction requirement wherein the Official Action submits that these claims are directed to two independent and distinct inventions.

The first invention, denoted as Group I, encompasses Claims 10 to 17, drawn to a chemical composition, classified in Class 257, subclass 1+. The second invention, designated as Group II, includes Claims 1 to 9, directed to a method of using a chemical composition to clean a CMOS, classified in Class 438, subclass 585.

As indicated above, applicants elect, for prosecution on the merits in this application, the claims of Group II. This election has been made without traverse.

Prompt examination followed by Notice of Allowance and passage to issue of the elected claims, Claims 1-9, is respectfully solicited.

Respectfully submitted,
